ABOUT

Hello, I'm Muhammad ibrahim , A self-motivated and hard-working individual with knowledge in various aspects of Front end Developer with a solid understanding of HTML, CSS, and JavaScript. Dedicated to creating visually appealing and user-friendly web applications. Seeking an opportunity to contribute to a dynamic development team and enhance my skills in a collaborative environment.

SKILLS

- ✓ **Front-End Technologies:** Proficient in HTML5, CSS3, and JavaScript, with a focus on creating well-structured and semantically correct code.
- ✓ **Responsive Web Design:** Knowledgeable in building websites that adapt seamlessly to different devices and screen sizes, providing an optimal user experience.
- ✓ **Modern Frameworks:** Familiarity with popular front-end frameworks such as Bootstrap, Angular, and the ability to implement interactive components.
- ✓ **Cross-Browser Compatibility:** Ensuring websites are compatible with major browsers to maximize accessibility and usability for all users.
- ✓ **Web Performance Optimization:** Understanding of techniques to improve page loading times and overall website performance.
- ✓ **Version Control:** Basic experience with version control systems like Git, enabling collaboration and efficient code management.
- ✓ **Problem-Solving:** Strong analytical and problem-solving skills to identify and troubleshoot issues in code and design.
- ✓ **Team Player:** Effective team player, capable of collaborating with designers, developers, and other stakeholders to achieve project goals.
- ✓ **Fast Learner:** Quick to grasp new concepts and technologies, always looking to expand my skillset.

PROJECTS
